

VX 680 WiFi/Bluetooth Terminal

Credit Card Processing to Help Drive Business

MAKE CHECKOUT QUICK AND CONVENIENT FOR YOU AND YOUR CUSTOMERS

Whenever—and wherever—your customers are ready to checkout you can be there to make the transaction simple and smooth. With the VeriFone VX 680 in hand you and your staff won't be stuck behind a counter. Take this wireless, touch screen terminal around your store and even out to the sidewalk or a patio. You and your customers will appreciate the convenience and speed this innovative terminal provides.

Ideal for bars, restaurants, retail stores, salons, and spas – or any location where you want to interact with your customers!
